October 13-14, 2011

A Regional Leadership Conference

Sponsored by

Leadership Louisville Center • Leadership Southern Indiana
Association of Leadership Professionals

October 13th – Reception at the Horseshoe Casino in Southern Indiana

October 14th – Conference workshops for practitioners of leadership programs

In 2010 The Association of Leadership Professionals sponsored a successful regional conference in Ohio. Participants were so enthusiastic about the benefits of networking with peers and sharing best practices that ALP hopes to replicate that success in 2011. The conference will feature topics specific to leadership programs as well as broader content that will appeal to leadership program graduates and board members as well. We are currently seeking input on the agenda and your feedback on the attached survey would be most helpful.

**Don't miss this great opportunity for professional development
and networking with colleagues!**
